

The Garage Light

TECHNICAL SPECIFICATIONS

16 times brighter than a typical 60-watt incandescent bulb, pre-wired for simple installation, and featuring an amazingly durable aluminum body, The Garage Light is the last light you'll ever need.

BRIGHT AS HELL, TOUGH AS NAILS

- **Construction** — Housed in a single piece of anodized, extruded aluminum to provide superior heat dissipation and impact resistance
- **Applications** — Delivers brilliant, energy-efficient illumination to personal spaces like garages, workshops, boathouses, and more.
- **Maintenance** — Hinged door allows access to power supply. Patent-pending diffused lumen maintenance trays protect LEDs and allows for easy cleaning.
- **Reliability** — Predicted to maintain 70% of initial light output for up to 150,000 hours at 77° F (25° C)
- **Environment** — Suitable for dry and damp interior spaces
- **Optional Accessories** — Occupancy sensor; Wall/Column mount
